Mechanical Advantage Control Holds (M.A.C.H.™) System

Controlled F.O.R.C.E. is the developer and sole provider of the M.A.C.H.™ Training System, which is an established national standard of subject control and defensive tactics training that has been adopted into Law Enforcement and the Department of Defense Doctrine. The M.A.C.H.™ Training System has been designed as a program that deals with non-compliant, surprise attackers, and extremely aggressive/combative subjects, and delivered in a simplistic and unique manner.

LEGAL SUPPORT

Controlled F.O.R.C.E.® takes stringent measures to maintain the integrity of our system, remain viable in the ever-changing legal environment, and to adequately document our certification process. Our system is very recognizable, and we stand behind it 100%. Providing a Certified Departmental Instructor can demonstrate that they teach the system according to our lesson plan, and not beyond, there should never be a question as to the reasonableness of what was taught. As you know, there are too many variables as to how a system is applied in response to resistance situation for a company to guarantee that the techniques used will work as expected or be the appropriate response. However, Controlled F.O.R.C.E.® will gladly provide expert testimony should the techniques that we teach ever be questioned in a court of law.
